

Career Development Center and Placement Information

The Moody Bible Institute Career Development Center is an ongoing ministry to Students and Alumni, no matter how many years they have been away from Moody. The Career Center sponsors a variety of events designed to assist students in their transition into ministry, including job fairs, graduate school fair, etiquette dinner and job search seminars. Questions regarding career advice and counseling can be directed to the Associate Dean of Career Development at careerdev@moody.edu. The services provided by the Career Center may be accessed online at: <http://www.moody.edu/careerdevelopment>.

The Career Center surveys graduates concerning their future intentions just prior to their graduation. This survey points toward what our students will do after graduation.

In 2011:

- 27% were intending to attend graduate school.
- 12% were looking forward to a post-graduation internship.
- 44% were intending to go into vocational ministry right after graduation.
- 9% were intending to go into a marketplace job.
- 8% were going to do other things.
